She always enjoys seeing butterfly of different colours playing in the garden. There are yellow, white, pink and brown butterflies everywhere. They jump from one flower to another. Since it was rainy season the flowers were very healthy and attractive.

At school we should show respect to head teacher, teachers and our fellow students. In class we should raise hands when we want to answer questions. Also when teacher teaches we should be good listeners.

Respect should not ends to our parents and teachers only. When we play with our friends respect should be in our mind. This can be done by taking turns.
